It is expected that at the next session of the country court a successor to Boman Curvon, of the country infirmary, will be else. It there are at least a dozen candidates seeking the position, but it is difficult to predict who will get the plum. H. H. Ex-Superintendent Alleh is not particularly desirons of supping into Mr. Cannon's aboes, but will accept if the place is tendered to him. Colonel Squires wants it bad, and will have Selectman Roberts' support, but it is not likely he will be named, as the other numbers of the barid do not consider him the proper man for that position.

in Montana.

Mr. James Chamberlain is Butte city, Mont. Jim is the owner of a mine called the Ground Squirrel. It has cost him lots of money; but, like old Tommy Cruse of the Drum Lugmon he long since made up his mind that there were millions in it. They knew that their vein, located as it is in the greatest mineral bearing belt in the world, must amount to something some day. With this object in view they sank a shaft life feet and cross cut in various directions, with the result that the ore now being taken out of the mine, in 100 to 150 ton lots, gives the assay of 30 per Butte city, Mont.
